

Making the difference

ASSIST CARD has perfected the art of providing assistance services to travelers, at anytime, anywhere and for any reason.

These are the main differentiators:

Cashless benefits

ASSIST CARD works diligently to ensure traveler not paying for medical expenses upfront; instead, the Assistance Department arranges all necessary payments directly with the provider. An extensive assistance network allows ASSIST CARD to guarantee payments to providers 95% of the times, and offer a higher level of quality service and a comprehensive management of assistance costs, which in turn results in better rates for our customers.

The largest network of service providers

ASSIST CARD does not involve third party providers. Its entire network was built and contracted directly in 197 countries, precisely where travelers go.

Regional Assistance Centers & offices

ASSIST CARD relies on a powerful network of its own. 80 Assistance Offices are strategically distributed across the globe and available 365 days a year.

84 ASSIST CARD Centers and services in more than 190 countries.

400,000 providers worldwide
24/7 Full Assistance
365 days a year

Assistance and Commercial Office

43 YEARS ASSISTING TRAVELERS AROUND THE WORLD.

The experience of over 42 years assisting

One of the main strengths that differentiates ASSIST CARD is its service: "Our premise of providing immediate help to travelers in need, while they are far from home". Based on this, ASSIST CARD has developed a sophisticated network of services that include: medical assistance, emergency dental care, sanitary repatriations, medical transfers, legal counsel, translators, and baggage tracking, among many others. All of the services offered by ASSIST CARD are coordinated and monitored through Regional Assistance Centers, following properly defined guidelines to meet the highest quality standards for the most appropriate care.
